## **Effective Principles of Business Communication**

– Marlin Nolt

What defines effective? Effective communication involves understanding, but a second defining principle of communication is love. Ever wonder how someone misunderstood what I told them? I explained it in detail, wrote it down, and showed them exactly how to do it and they got it all wrong! We are tempted to think that effective communication is measured by how fast I can tell someone what I'm thinking and how fast they get it. But effective communication is built on sacrifice, not speed.

**10:45–11:00 AM** BREAK

**11:00–11:45 AM** GENERAL SESSION

**2:15 – 3:00 PM** GENERAL SESSION

## **Effective Methods of Business Communication**

– Marlin Nolt

What is the most effective way to communicate within levels of a company? A company email? A group text? A 5:30 a.m. meeting with everyone present? You have various options in your toolbox, but no method will replace simply being intentional about communicating. Communication includes both complimenting and correcting—when should you compliment and when should you correct? Both are effective, but correction will be far more effective when balanced with sincere compliments. People don't care how much you know until they know how much you care!

**3:00 – 3:15 PM** BREAK

**3:15 – 4:00 PM** GENERAL SESSION

## **Training, Aligning, and Keeping New and Existing Employees – Eddie Wengerd**

What are the important steps to ensuring your entire team is in lockstep to where you are going as an organization? This session will provide insight into effective training and alignment of employee talents. We will also look at how to graciously lose an employee as they seek other opportunities.
